vibe connect

Drive deeper **connections** with your workforce.

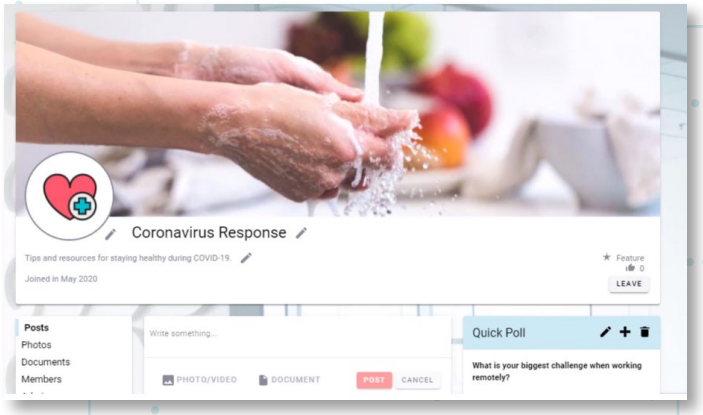

Vibe Connect is the perfect solution to enhance your communication toolkit during the COVID-19 crisis and beyond, creating a more effective virtual employee experience now, with an eye to supporting your organization's return to workplace plans if/when ready. Bring employee health and safety to the forefront and provide direction on workplace wellbeing as the stages of the pandemic continue to evolve.

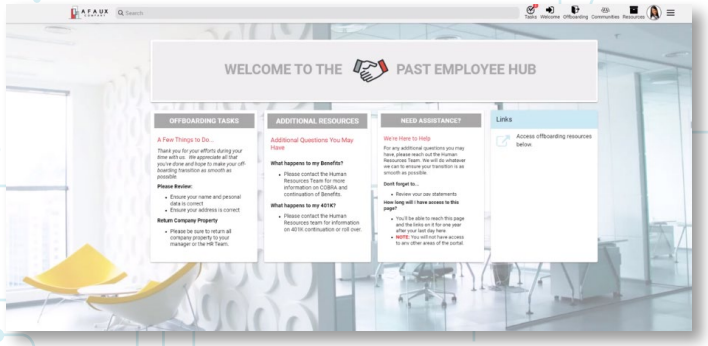

Offering a quick and cost-effective digital workplace experience, Vibe Connect delivers a secure, unified & trusted hub of company information. Vibe Connect enables employees to seamlessly connect with their teams, while providing the organization an opportunity to showcase its leadership, culture and employee experience as your workforce returns.

It is necessary to deliver a positive culture and employee experience during uncertain times. With more remote & furloughed employees, the need for better communication tools is even more critical.

As your organization responds to this new COVID-19 world, Vibe Connect rapidly aligns with changing operations and needs and provides a unified, trusted source of information.

- Budgets can certainly be an issue during COVID-19, let us help by offering a fast, low-risk, cost effective way to take a first step toward meeting your goals.
- Employee furloughs are a tough but sometimes necessary decision in these uncertain times. Maintain relationships and continue to engage impacted employees.
- Vibe Connect supports “re-boarding” to rapidly hire back and ramp up furloughed employees when the time comes.
- Seamlessly communicate re-opening guidelines to employees by jurisdiction, role.
- Effectively manage return to work protocols; (i.e. ensure employees complete & pass a work safety questionnaire).
- Vibe Connect allows you to easily adjust your messaging strategy and communications over time to respond to quickly changing realities and phases of COVID-19.

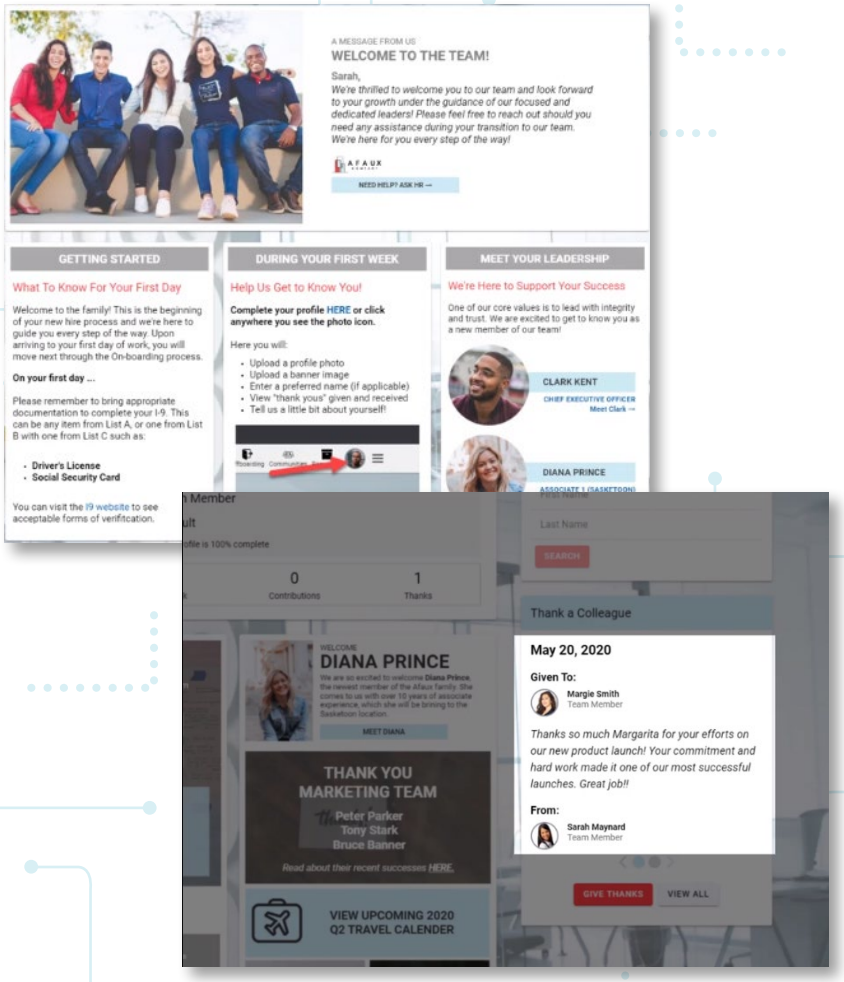

vibe connect

***Connect* your workforce with any device from any location**

...align role-based communications with rapidly changing operations

...maintain a connection with furloughed employees and facilitate a path for re-boarding

...to feedback, networking and recognition tools

- Connect employees with highly branded, personalized experiences. Role-based content/ media, social tools, communities.
- Create buy-in to company culture with leadership blogs and knowledge transfer with peer-to-peer ideas exchange.
- Innovative peer-to-peer recognition tools help your employees celebrate success as it happens.
- Virtually greet your new hires and re-hires with a highly engaging welcome hub and mentors, enabling them to hit the ground running regardless of location.
- Augment workforce communications with interactive social media tools. Not only can you transform HR communications, you can create the hub of the enterprise where conversations are held.
- Online training and consulting content is included.
- Implement Vibe Connect in as quickly as 2-3 weeks!

We'd Love to Chat

We could write about strategic communications, collaboration, and making connections all day long (we are geeks that way)! However, we like nothing better than launching into a spirited (virtual, of course!) debate about all things technology, engagement and HR. If you would like to have a chat, just drop us a line. We'd love to hear from you.
